
SECTION X1

U S COAST AND GEODETIC SURVEY

T.C. MENDENHALL SUPERINTENDENT

SHEET No 1

TOPOGRAPHY OF

WASHINGTON SOUND

WASH

PART OF ORCAS AND BLAKELEY ISLANDS

1889

Scale 1:10000

Surveyed by J. J. Gilbert Assist

Register No. 1952

Note: The contour lines, where unbroken, have been traced as carefully as the character of the topography will permit; where the contour lines are broken they have been sketched, with the aid of cuts, and represent the general features of the country only.

The curves of equal elevation are given for every 20 feet and refer to mean tide.

STATISTICS

Miles of Shore-line	25.4
Miles of Roads	7.6
Square miles of Area	10.7
Miles of shore-line of lakes	5.2

Approved

T.C. Mendenhall

Assistant in charge of Office
