SECTION XI
U S COAST AND GEODETIC SURVEY
T.C.MENDENHALL SUPERINTENDENT
SHEET Nº 2
TOPOGRAPHY OF
WASHINGTON SOUND
WASH
THATCHER PASS TO WATMOUGH BIGHT
1889
Scale 10.800
Surveyed by J.J. Gilbert Assist
Register No. 1953
Note: The contour lines where unbroken have been traced as accurately as the character of the topography will permit;—where the contour lines are broken they have been sketched by aid of cuts, and represent the general features of the country only. The curves of equal elevation are given for every 20 feet and refer to mean tide.
STATISTICS
Miles of shore line 46.8
Miles of roads 8.1
Square miles of area 10.5
