SECTION XI
U.S. COAST AND GEODETIC SURVEY
W. W. DUFFIELD SUPERINTENDENT
SHEET No 6
TOPOGRAPHY OF
WASHINGTON SOUND
WASH
STUART SPIEDEN AND OTHER ISLANDS
1894
Scale
J.J. Gilbert Assist
Note: Wherever the country is open or accessible by roads, the contour lines have been accurately located. Other contours are sketched in with the aid of cuts on conspicuous objects, and represent the salient features of the topography.
The curves of equal elevation are given for every 20 feet and refer to mean tide.
